

Pamela Marzban, DDS, FAGD, LVIF, ICCMO

The success of a practice correlates directly to the strength and cohesive nature of its team.

Take ownership towards the success of your business! Every action and human interaction affects business growth. Dr. Pam Marzban's presentations teach the entire team about simple, effective, genuine styles of communication, how to implement technology to gain treatment acceptance, and how to incorporate a strong vision and achieve practice goals.

In private practice for 16 years, Dr. Marzban is also Assistant Professor for Department of General Dentistry at Virginia Commonwealth University School of Dentistry. For many consecutive years, her office has been recognized by peers, as well as local and national publications, as a "top dentist".

Dr. Marzban's clinical work with TMD rehabilitation and full mouth rehabilitation has been recognized and awarded internationally. Her complex aesthetic full mouth rehabilitation cases have been published in industry journals.
